FOR USE DURING A WEEK THAT HAS 4 SCHOOL DAYS

In a week with four school days, the tests regularly scheduled for the four days in which school is in session are in effect for that week. The only tests cancelled are those that fall on the day in which the holiday falls. For departments that have two days during the week in which to give tests, the alternate day would have to be used if the holiday falls on one of the two allotted days.

APPROVAL OF THE DEPARTMENT ASSISTANT PRINCIPAL IS REQUIRED FOR ANY EXCEPTION.

Students are always expected to be prepared for a surprise quiz, an auditory comprehension text, a composition or a class activity since these forms of tests may be given as part of any class period.
